Kettlewick Rewards

Kettlewick Rewards is our free loyalty program. Every account joins automatically, and points are added to your account as soon as an order ships.

Earning Points

You earn 1 point for every $1 you spend on coffee, equipment and accessories. Points are not earned on gift cards, shipping costs or taxes.

You also earn a birthday bonus of 50 points every year when you add your birthday in Settings > Profile.

Referring Friends

Share your referral link from Account > Rewards. Your friend gets 15% off their first order, and you earn 200 points when that order ships.

Redeeming Points

Every 100 points can be turned into a $5 reward at checkout. Rewards can be combined with free shipping but not with promo codes, and they cannot be exchanged for cash.

Membership Tiers

Your tier depends on the points you earned in the last 12 months. Steep members have 0 to 299 points, Bloom members have 300 to 799 points and Roast members have 800 points or more.

Bloom members get early access to limited coffees. Roast members also get free express shipping on every order and an invitation to our annual cupping event.

Points Expiry

Points expire after 12 months without any account activity. Any purchase or redeemed reward counts as activity and keeps all of your points.
